

Notice to our patients.

As of June 1, 2024, we will be changing our financial policy and will be requiring payment of your copay when you are checking in for appointments. This can also be done at any time prior to the appointment using our online payment options or by calling our billing department to make that payment over the phone. You will also have the option to put a credit card on file when you are making an appointment for convenience when checking in.

You will receive reminders when you call to schedule and then again in any future texts, emails, or phone call appointment reminders.

As always, we will accept cash, check, or credit card for these payments when paying at the check in front desk.

Thank you.

Dermatology Associates of Northern Kentucky
